
CONNECT NEW MEXICO PILOT PROGRAM

INTERACTIVE BROADBAND MAP

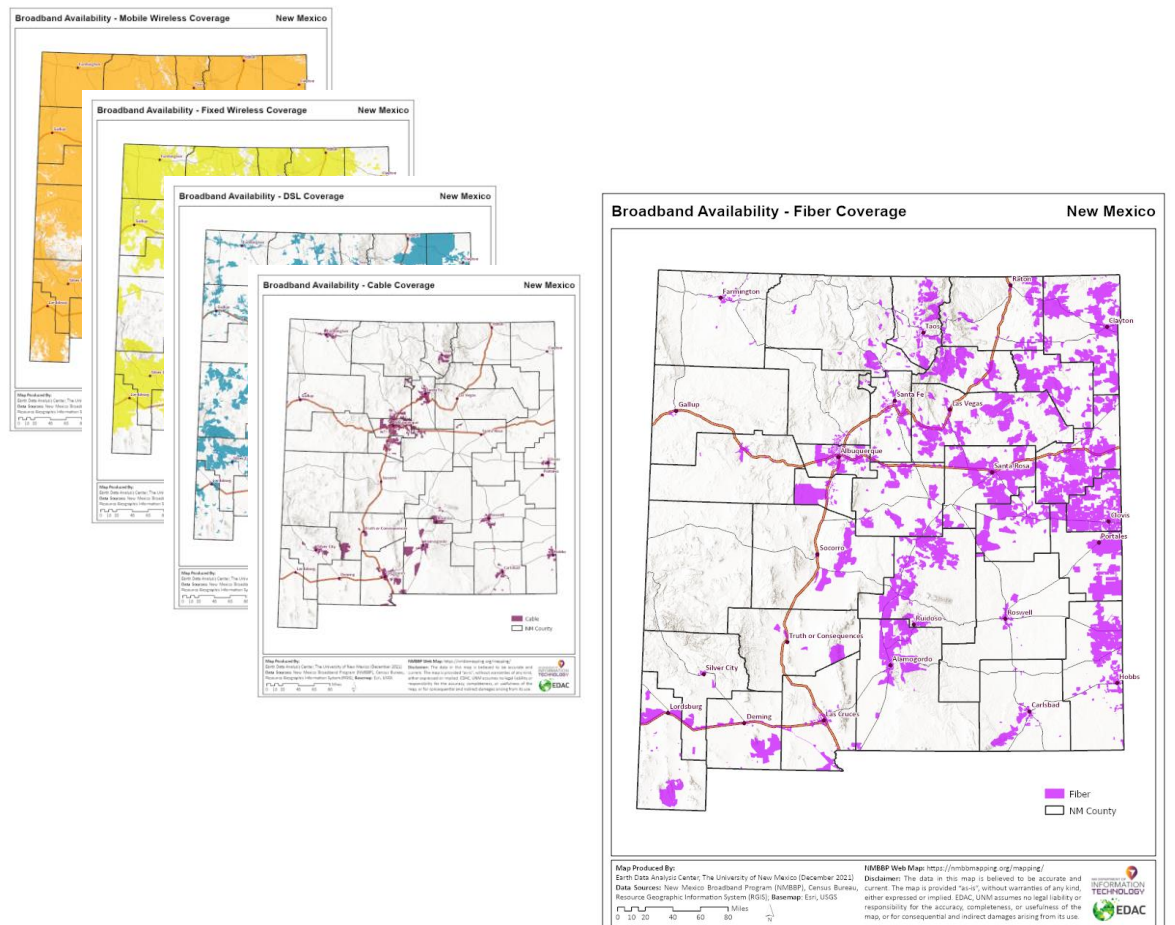

EARTH DATA ANALYSIS CENTER (EDAC), UNIV OF NEW MEXICO

EDAC has supported the NMBBP Mapping requirements since 2010.

Mapping objective: support data acquisitions, processing, analytics, and public access of broadband data for the state.

INTERACTIVE BROADBAND MAP

The Interactive Broadband Map delineates unserved and undeserved areas.

The map provides contextual community information such as demographics, community institutions, and broadband data.
