

Criminal Penalties for Interference with Embargo Order - Pursuant to § 26-2C-43(M)(1) NMSA 1978 of the Cannabis Regulation Act, any person who intentionally, knowingly, or recklessly removes, conceals, destroys, or disposes of cannabis or cannabis products that are subject to an Order Restricting Movement or Embargo Order commits a fourth-degree felony and is subject to sentencing under § 31-18-15 NMSA 1978.

**ENFORCEMENT BUREAU NOTICE OF EMBARGO ORDER / ADMINISTRATIVE
HOLD ORDER RESTRICTING MOVEMENT OF CANNABIS AND CANNABIS
PRODUCTS**

(Issued pursuant to §26-2C-43 NMSA 1978)

Date of Order: June 12, 2026

Embargo Order No.: Embargo Order 2026-005

Licensee / Entity: Marcos Antonio Pahan Cartigiano dba Amsterdam Café and Smoke Shop

License No.(s): RTL-2022-0152; MANU-2023-0077

Controlling Person(s): Marcos Antonio Pahan Cartigiano

Premises Address: 301 San Pedro NE Albuquerque NM 87108

Email(s) on File: pacogeen@gmail.com

TAKE NOTICE that the Enforcement Bureau (“EB”) and the Cannabis Control Division (“CCD”) of the New Mexico Regulation and Licensing Department (“RLD”) hereby order an embargo on the cannabis or cannabis products identified in Section I.2. of this Notice and Order (“Embargo Order”).

This Embargo Order is issued pursuant to the authority granted under the Cannabis Regulation Act (“CRA”), Section 26-2C-43 NMSA 1978, which authorizes the EB and CCD to restrict the movement of cannabis products during an investigation. This Embargo Order is a precautionary administrative action and does not, by itself, constitute disciplinary action against your license. However, you are required to strictly comply with the directives set forth in this Embargo Order. Failure to comply may result in additional enforcement action separate from any sanctions related to the underlying violations.

I. BASIS FOR ACTION

- Reason for Embargo Order:** During an EB investigation, the EB, in coordination with the CCD, developed objective and reasonable grounds to believe that the following cannabis or cannabis products are:

- ☒ Evidence of a violation of the CRA or CCD rules,
- ☐ A threat to public health or safety,
- ☐ Adulterated (§26-2C-18.1 NMSA 1978 CRA),

- ☐ Dangerously misbranded (§26-2C-17.1 NMSA 1978 CRA),
- ☐ Fraudulently misbranded (§26-2C-17.1 NMSA 1978 CRA),
- ☒ Illicit or sourced from an unlicensed entity,
- ☐ Other: _____

2. **Description of Identified Product(s):**

Product name / strain: See Exhibit A for Inventory.

Batch / lot / UID: See Exhibit A for Inventory.

Quantity: See Exhibit A for Inventory.

Observed Issue:

Marcos Antonio Pahan Cartigiano (herein after Respondent) was issued a cannabis retail license (License No. RTL-2022-0152) on March 3, 2022, authorizing the business to sell cannabis products to consumers, with a licensed premises located at 301 San Pedro NE Albuquerque NM 87108. (See Exhibit B, Copy of License.)

On March 16, 2026, Respondent executed an Affidavit of Acknowledgement of Local Jurisdictional Cannabis Licensing Requirements and submitted the document in connection with its annual renewal application, BLA-17158. (See Exhibit C, Copy of Executed Affidavit of Acknowledgement.)

On June 8, 2026, CCD Compliance Officer Elizabeth Coryell attempted to conduct a re-inspection of Respondent's licensed premises following a failed annual inspection conducted on February 2, 2026 (See Exhibit D, Inspection Report No. 12220 and Exhibit E, Inspection Report No. 15955), and an unsuccessful inspection attempt on April 24, 2026 (See Exhibit F, Inspection Report No. 14446), during which the premises could not be inspected. During Officer Coryell's attempted inspection, a sign was observed at the licensed facility directing individuals to "Visit 305," a unit located a few doors away within the same shopping center. Officer Coryell reported this unusual activity to CCD Investigator William Fresquez. (See Exhibit G, Copy of Email)

On June 12, 2026, Investigator Fresquez conducted an onsite visit to the facility and requested assistance from the RLD Enforcement Bureau (EB) due to suspected illicit activity. Bureau Chief Vince Mares, Special Agent Matt Valerio, and Special Agent Dwayne Epling accompanied Investigator Fresquez. Respondent informed the EB agents that he was engaging in cannabis sales transactions. However, Respondent was unable to account for any such sales within the state-mandated track-and-trace system (BioTrack), nor was any of Respondent's onsite cannabis inventory reflected in the facility's track-and-trace account.

Pursuant to § 26-2C-43(B)(3), (D), and (E) NMSA 1978, the EB and CCD have authority to embargo and restrict the movement of cannabis products suspected of being illegal, adulterated, or dangerously or fraudulently misbranded. Accordingly, the above-described products are hereby placed under embargo. This Embargo Order is necessary to preserve evidence; prevent diversion, transfer, sale, concealment, or tampering; and protect public health and safety pending completion of the investigation. Based on the information presently available, there is reason to believe that cannabis inventory and sales transactions have not been properly recorded within the state-mandated track-and-trace system, impairing the CCD's ability to verify the lawful origin, movement, and disposition of the cannabis products subject to this Order.

II. TERMS OF THE EMBARGO ORDER / ADMINISTRATIVE HOLD

Effective immediately, Respondent shall comply with the following terms and conditions with respect to the embargoed cannabis products identified above. These measures are mandated by § 26-2C-43 NMSA 1978 and to ensure the security and integrity of the embargoed items:

1. **Tagging & Signage:** Immediately tag or label each embargoed product with a visible marker clearly stating, “NOT FOR SALE OR DISTRIBUTION – UNDER EMBARGO ORDER”. The licensee must also post clear signage in the storage area indicating that the product is under an Embargo Order (See Exhibit G Embargo Order tag that you must print and post on the products identified in Section I.2 of this notice). All original packaging and labeling of the product must be maintained – do not alter or remove any existing labels at this time.
2. **Segregated Secure Storage:** Immediately segregate the embargoed product from other inventory. Store the embargoed items in a secure, limited-access area of the licensed premises that meets the security requirements of 16.8.2.10 NMAC (e.g. a locked storage room or container with restricted access). This Embargo Order storage area must remain under continuous video surveillance at all times. Only authorized personnel of the licensee may access the embargoed product, and unauthorized access is prohibited.
3. **Inventory Tracking:** The licensee must maintain strict inventory control over the embargoed product during the Embargo Order period. All embargoed items shall remain recorded and identifiable in the state’s seed-to-sale inventory tracking system, with no gaps in continuity. The licensee shall preserve a full audit trail for all embargoed product (all inventory records and any movements or handling). THE CCD may flag or designate the product’s status in the tracking system as “Hold” or “Embargoed”; the licensee must ensure no unauthorized changes are made to these records.

4. **Licensee Reporting (Within 48 Hours):** Within 48 hours of receipt of this Order, the licensee shall email THE CCD at eden.sayers@rld.nm.gov confirming compliance with this Embargo Order. The email must include the following documentation:
- a. **Confirmation of Receipt:** A brief statement acknowledging that the licensee has received this Embargo Order and will comply with its terms.
 - b. **Embargoed Inventory Log:** A complete inventory log listing all cannabis products subject to the Embargo Order (including product name/strain, batch/lot ID, quantity, and location of each item).
 - c. **Photographic Evidence:** Clear photographs demonstrating the Embargo Order compliance measures, including:
 - i. the segregated storage area where the embargoed products are secured,
 - ii. the Embargo Order tags/signage affixed to the products or posted in the area, and
 - iii. the video surveillance setup covering the embargoed product.
 - iv. All required information should be sent in one email (with attachments as needed) to the above address.
5. **No Movement Without Approval:** Do not move or transport any embargoed product from the location where it is presently stored for any purpose, including for laboratory testing, without prior written approval from the EB and/or the CCD. The embargoed items shall not be sold, transferred, processed, repackaged, relabeled, or destroyed during the embargo period. If the EB or the CCD explicitly authorizes a specific movement of the product (for example, transport to an approved laboratory for testing), the licensee must strictly adhere to any conditions of that authorization. Any authorized movement must be:
- (1) documented in the inventory tracking system before and after transport, and
 - (2) carried out via secure transport with a valid manifest in compliance with all transport regulations. Under no circumstances may the embargoed product be delivered to customers or transferred to other licensees until and unless the Embargo Order is lifted.
6. **Maintain Product Integrity & Access:** The licensee is responsible for preserving the condition and integrity of the embargoed products while this Embargo Order remains in effect. The product(s) shall be kept in the same state as when the Embargo Order was imposed, no further manufacturing, packaging, curing, or other alterations are permitted. Prevent any tampering with or removal of the embargoed items; unauthorized access by any person is strictly prohibited. The licensee must also cooperate fully with the EB and the CCD during this Embargo Order. This includes permitting the

EB and the CCD officials to inspect the embargoed products or storage area at any time and to collect samples for testing, if needed. Compliance with these requirements is mandatory. Failure to adhere to any of the above conditions (e.g. not providing the 48-hour report, not properly tagging or securing product, or any unauthorized movement or tampering) is a violation of this Embargo Order and may result in further enforcement action, including administrative penalties or disciplinary action against the license, separate from any enforcement for the underlying issue that prompted this Embargo Order.

III. DURATION OF EMBARGO ORDER & POSSIBLE OUTCOMES

1. **Duration:** This Embargo Order is a temporary measure. In accordance with law, the Embargo Order shall remain in effect only for the period reasonably necessary for the EB and the CCD to complete the investigation. The EB and the CCD will actively work to conclude the investigation as promptly as possible. If the embargoed products are determined to be misbranded, but not dangerous or fraudulent, the Embargo Order will remain in effect only as long as necessary for the licensee to properly relabel or repackage the products as directed by the CCD. In all cases, the Embargo Order will be lifted when the EB and the CCD determine that grounds for the Embargo Order no longer exist or that all compliance issues have been resolved.
2. **Outcomes:** Upon conclusion of the investigation, the licensee will be notified of the final determination regarding the embargoed products. Possible outcomes include, but are not limited to, the following:
3. **Release of Product:** If the EB and the CCD determine that the embargoed products are compliant or remediable, the EB will lift the Embargo Order. All Embargo Order tags or markings will be removed, and the products will be returned to the licensee's normal inventory for use or sale, subject to any required corrective actions, such as relabeling. For example, cannabis products embargoed solely for minor labeling or packaging deficiencies may be released once the licensee corrects the labels in accordance with the CCD instructions and receives written approval confirming compliance. If the CCD provides written authorization for corrective relabeling, those products shall remain under Embargo Order until the CCD verifies and approves the new labeling.
4. **Recall or Seizure:** If the investigation finds that the embargoed product is adulterated, dangerously or fraudulently misbranded, illicit, or poses a significant public health risk, the CCD may initiate a product recall or the EB may proceed to seize the product for public safety reasons. A recall order would require the licensee to remove the product from all points of sale/distribution and follow specified notification procedures for customers and other businesses. A seizure would involve the

EB taking physical custody of the product to prevent any further distribution. In either case, the licensee will receive separate notice and instructions if a recall or seizure is initiated.

5. **Condemnation & Destruction:** If it is determined that the embargoed product is illegal or so defective as to be unfit for any use, the CCD may petition the district court for condemnation of the product. Condemnation is a legal process by which the court may order the forfeiture and destruction of the products. If the court issues a condemnation order, the RLD will oversee the destruction of the cannabis product at the licensee's expense. If, on the other hand, the court does not find grounds for condemnation, the Embargo Order will be lifted, and the EB will ensure that all Embargo Order tags or markings are removed so the products can be returned to the licensee or rightful owner. The licensee will be informed of the court's decision and any further requirements, including disposal protocols if condemnation is ordered. The above outcomes are not mutually exclusive. An embargoed product may first be subject to a recall to remove it from commerce and later be subject to court-ordered destruction, depending on the results of the investigation and any resulting regulatory or legal action.

The CCD's primary goal is to protect public health and safety while ensuring due process for the licensee. The licensee will be kept informed of any change in the status of the embargoed products. This Embargo Order will remain in effect until the licensee receives official written notice from the CCD lifting the embargo or until the Embargo Order is superseded by a recall, seizure, or court order.

IV. NOTICE OF RIGHT TO AN ADMINISTRATIVE HEARING

1. **Right to Administrative Hearing:** Pursuant to §26-2C-43 (I) NMSA 1978, a licensee aggrieved by an Embargo Order or related enforcement action has the right to request an administrative hearing before a hearing officer as provided by rule, related to this Order restricting the movement of the cannabis at issue. If you wish to contest the Embargo Order, you must submit a written request for a hearing to the CCD within ten (10) calendar days from the date this Order was executed. Failure to request a hearing within that time period will result in the Order remaining in effect without further review.
2. **Hearing Request Requirements:** Your written request for a hearing must include the following information:
 - a. the name of the licensed entity requesting a hearing,
 - b. the CCD license number of the entity requesting a hearing,
 - c. a copy of this Notice of Embargo Order (or a reference to the Embargo Order number) so that the matter can be identified, and

- d. identify the interest the aggrieved licensed entity requesting the hearing has in the embargoed product.
3. **Where to Send the Hearing Request:** The request must be received by the CCD within the 10-day window via certified mail to the following address:
- Eden Sayers, Division Counsel
Cannabis Control Division
2550 Cerrillos Road
Santa Fe, NM 87505
4. **Hearing Procedure:** Upon timely receipt of a proper hearing request, the CCD will schedule an administrative hearing. The hearing will be conducted by a hearing officer in accordance with § 16.8.12.12 NMAC.
5. **Auxiliary Aids and Translation Services:** If Respondent requires auxiliary aids and translation services for effective communication during the hearing on this matter, they must submit to the CCD in writing a statement that includes the specific aids and/or language translation services requested. This statement must be included as an attachment and provided with the written request for a hearing.
6. **Right to Appeal:** Pursuant to § 26-2C-43 (I) NMSA 1978 if a licensee is dissatisfied with the final agency decision after an Embargo Order hearing is held, the licensee may appeal that decision to the district court pursuant to § 39-3-1.1 NMSA 1978.
7. **Effect of Request on Embargo Order:** Filing a hearing request does not automatically stay the Embargo Order. The Embargo Order and all terms it shall remain in effect unless and until a final decision is issued modifying or lifting the Embargo Order. The licensee must continue to comply with this Embargo Order during the pendency of any appeal, absent an explicit written stay or modification issued by the EB, the CCD, or a court.

Statutory Authority and Enforcement Execution

This Embargo Order is issued pursuant to § 26-2C-43(B)(3) NMSA 1978. Pursuant to §§ 26-2C-43(A) and (C)(1) NMSA 1978, the Enforcement Bureau of the New Mexico Regulation and Licensing Department is authorized to execute and enforce this Embargo Order, including embargoing, taking possession of, securing, tagging, inventorying, and preventing the movement, transfer, or disposal of the identified cannabis products.

CERTIFICATE OF SERVICE TO LICENSEE(S)

I hereby certify that a true and correct copy of this Notice of Embargo/Order Restricting Movement was served via personal service, mailed to the above-named licensees (and/or its designated agent) via United States Postal Service Certified Mail, return receipt requested, and emailed to the email address on file, on this 12th day of June 2026. A copy has also been posted on the Cannabis Control Division's public website.

Subject: Marcos Antonio Pagan Cartigiano

Hello,

On 6/8/2026 I attempted an inspection at Marcos Antonio Pagan Cartigiano located at 301 San Pedro. The sign in the window said open, but when I went to the door there was a handwritten sign saying to visit 305, which is a few door down. When I went to that door the man that answered said that he was told to call the owner, especially if the CCD showed up. I advised I would try calling the owner directly and attempted to contact him, with no answer. There have not been any sales in Biotrack in 6 months. It is unclear if sales are being conducted at the licensed facility and not reported in Biotrack, or if sales are being conducted at the other address of 305 San Pedro.

**OFFICIAL EMBARGO TAG
NOT FOR SALE OR DISTRIBUTION**

— UNDER EMBARGO —

The cannabis and/or cannabis products located in this area are subject to an OFFICIAL EMBARGO / ORDER RESTRICTING MOVEMENT issued by the Enforcement Bureau and the Cannabis Control Division of the New Mexico Regulation and Licensing Department, pursuant to § 26-2C-43 NMSA 1978.

PROHIBITED ACTIONS

While under embargo, the cannabis and cannabis products **MAY NOT** be: Sold, Offered for sale, Transferred, Transported, Processed, Repackaged, Relabeled, Destroyed, Removed from this area.

Do not alter, remove, or obscure any existing product labels or packaging.

REQUIRED ACTIONS

- Products must remain segregated and secured.
- Access is limited to authorized personnel only.
- Products must remain in place and intact until the embargo is lifted in writing by the Cannabis Control Division.

LEGAL WARNING

Interference with an embargo is a criminal offense.

Pursuant to § 26-2C-43(M) NMSA 1978, any person who intentionally, knowingly, or recklessly removes, conceals, destroys, or disposes of cannabis or cannabis products subject to an embargo may be guilty of a **fourth-degree felony**.
