

Identifi Practice – Electronic Authorization

Q2 Release (June 30th, 2019)

Updated Feature

This enhancement to give providers more visibility into their authorization requests, based on the following updates:

- Auth requests that s/he entered (current functionality)
- Auth requests with **Requesting** Providers that s/he has been set-up to view based on NPI (current functionality)
- Auth requests with **Rendering** Providers that s/he has been set-up to view based on NPI (new functionality)
- Auth requests with **Attending** Providers that s/he has been set-up to view based on NPI (new functionality)

Updated Request Display Feature

The below image illustrates the changes to UI associated with the new enhancement

Authorization Requests

Showing 2 request(s)

Reference #	Patlent Name (DOB, Gender, ID)	Request Type	Requesting Provider
D7018655	BONN, AARON (04/01/1971, M, 129264)	Inpatient	JULIET ANADU
D7018649	GEISEN, MARGARET (08/01/1943, F, 2017776)	Inpatient	GILLIAN ADAMS

Display Requests:

- Associated with my Requesting Providers
- Associated with my Rendering Providers
- Associated with my Attending Providers
- Created By Me

Viewing Requests Created By Me

The below image illustrates the display feature is filtered to all authorization requests that have been “Created By Me”

Authorization Requests

Showing 100 most recent requests (to view more or refine the list, use filter option to the right)

Display Requests: Created By Me

Reference #	Patient Name (DOB, Gender, ID)	Request Type	Requesting Provider	Request Status	Created Date
D7018655	BONN, AARON (04/01/1971, M, 129264)	Inpatient	JULIET ANADU	In Progress	05/31/2019

Viewing Requesting and Rendering Provider Requests

Authorization Requests

Showing 3 request(s)

Display Requests: Associated with my Requesting Providers

Reference #	Patient Name (DOB, Gender, ID)	Request Type	Requesting Provider	Request Status	Created Date
D7018656	BENTON, ELIJAH (03/01/2003, M, 6389144)	DME	ADEMIPOSI ADEGBULUGBE	In Progress	05/31/2019
D7018649	GEISEN, MARGARET (08/01/1943, F, 2017776)	Inpatient	GILLIAN ADAMS	Void	05/28/2019
D7018508	ALATORRE, JULIE (08/01/1965, F, 141344)	Inpatient	GILLIAN ADAMS	In Progress	03/25/2019

Authorization Requests

Showing 2 request(s)

Display Requests: Associated with my Rendering Providers

Reference #	Patient Name (DOB, Gender, ID)	Request Type	Requesting Provider	Request Status	Created Date
D7018656	BENTON, ELIJAH (03/01/2003, M, 6389144)	DME	ADEMIPOSI ADEGBULUGBE	In Progress	05/31/2019
D7018649	GEISEN, MARGARET (08/01/1943, F, 2017776)	Inpatient	GILLIAN ADAMS	Void	05/28/2019

Viewing Requesting and Rendering Provider Requests

- The below images illustrate both the primary and subset filtering of the authorizations displayed in the UI

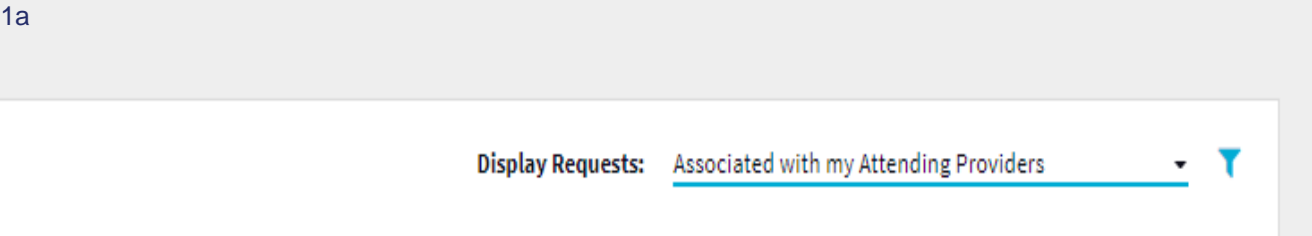

Illustration 1a: Display Requests filter always acts as primary sort/filter for authorization requests displayed in the UI

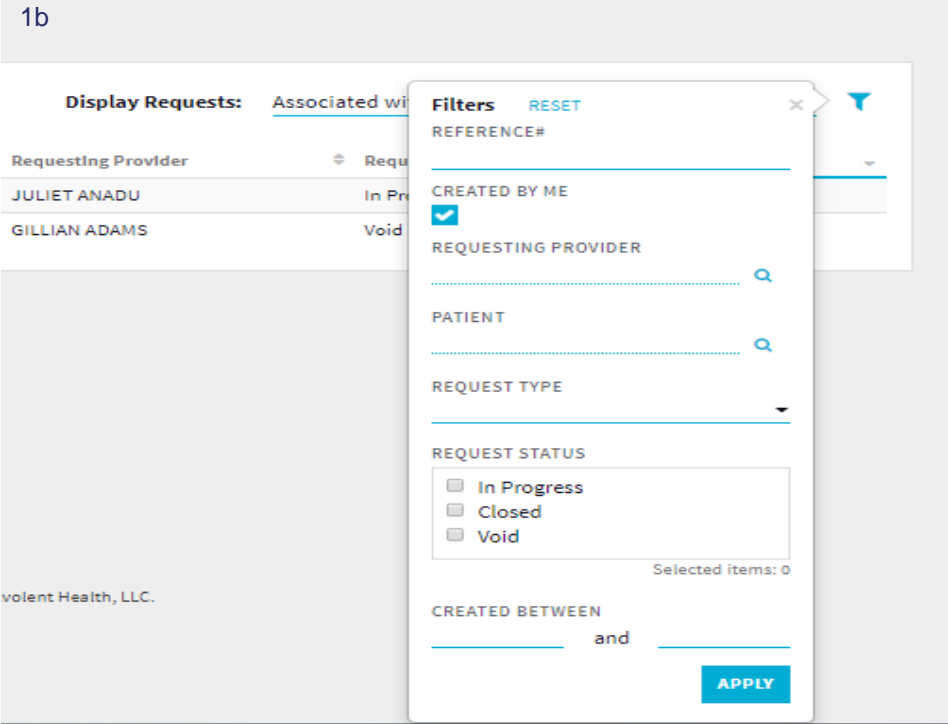

Illustration 1b: Search/Sort Filter allows users to add a second level of filter to authorizations displayed in the UI

Updated Feature – Scenarios and Nuances

- If a user is a Provider (and presumably provisioned for their own NPI), then s/he will see all authorization requests where s/he is the requesting or rendering/attending. There is no provisioning change needed for this. In addition, the user will also see all authorizations that s/he created.
- If a user is provisioned for a Provider NPI and that NPI is the Requesting or Rendering/Attending on an authorization request, then the user will see the authorization request.
- If a user is not currently provisioned for a Rendering/Attending or Requesting NPI that s/he is supports, then a change to their provisioning would be needed in order for the user to see associated authorization requests.

Updated Feature – Scenarios and Nuances

Important Note: **Rendering** provider display name is based on the Authorization Type

- DME– Vendor
- In Patient - Facility
- Outpatient – Facility/Vendor

Provider Type Group	Provider Type Description
Requesting Provider	Requesting Provider
Rendering Provider	Facility
Attending Provider	Attending Provider
Rendering Provider	Facility/Vendor
Attending Provider	Provider
Rendering Provider	Vendor
