President Biden recently signed the American Rescue Plan Act of 2021 (ARP) into law. The new law will lower premiums for most current on-exchange members and expand access to financial assistance to individuals who wish to enroll on the Marketplace.

**Starting April 1, 2021**, current on-exchange members and individuals who buy health insurance from the Marketplace may become eligible to receive increased tax credits to reduce their premiums.

## WHAT DO YOU NEED TO DO?

**If you are a current on-exchange member**, on or after April 1, contact the Marketplace at [healthcare.gov](https://healthcare.gov) or 1-800-318-2596. You will be able to update your existing application with the Marketplace to determine the amount of your savings.

You may also choose to change to another True Health New Mexico benefit plan **through August 15, 2021**.

**If you do nothing**, your current premium and True Health New Mexico plan selection will remain as is. Those who qualify for the additional tax credit will receive the additional tax credit benefit on next year's income tax return.
