Pharmacy Benefits Management

Overview

This guide provides an overview of your pharmacy benefit. It explains the tiers for drug coverage, the process for getting certain drugs covered, your options for filling prescriptions, important phone numbers, and more.

True Health New Mexico Customer Service: 844-508-4677

Hours of operation: Monday through Friday, 8:00 a.m. to 5:00 p.m.

CVS Customer Service: 866-341-8561

Hours of operation: 24 hours a day, 7 days a week.

Understanding Coverage and Cost-Sharing

Formulary

The Formulary, also known as your Preferred Drug List, is a list of prescription drugs that are covered under your plan. The inclusion of specific medications on the Health Plan formulary is based on the medication's effectiveness, safety, and value.

The formulary offers a wide selection of generic and brand-name prescription drugs suggested by the Pharmacy and Therapeutics (P&T) Committee, a group of physicians and pharmacists who research and evaluate medications. The formulary is periodically reviewed and updated throughout the year in order to ensure that our benefits package consistently and adequately meets your needs.

When you need a prescription medication, you and your doctor can choose from six different levels of the formulary. These are: Generics – Tier 1 and Tier 2, Preferred Brands – Tier 3, Non-Preferred Brands – Tier 4, Preferred Specialty – Tier 5, and Non-Preferred Specialty – Tier 6. Each level has a different cost share, which could be a copay or coinsurance, depending on your plan. This gives you and your doctor the freedom to choose the medication that is right for you. At the same time, this will help you to better budget your health care dollars. Please note that certain drugs, regardless of tier, may have a \$0 copay or coinsurance if they meet conditions listed under the Affordable Care Act Preventative Drugs as well as state Contraceptive coverage requirements. These drugs are designated as "ACA."

Tiers

Generic Medications – Tier 1 and Tier 2 have the lowest copayment/coinsurance. Generic drugs offer the same level of safety and quality as their brand-name equivalents. They have the same amount of active ingredients as brand-name medications. You may be required to use a

Pharmacy Benefits Management

generic version of the drug if one is available. **Refer to the “generic drugs” section of your Summary of Benefits and Coverage for your plan’s cost-share amount.**

Preferred-Brand Medications – Tier 3 have the middle level copayment/coinsurance. These drugs are primarily brand medications and “preferred” because of their value and effectiveness. This tier may also include some generic medications. **Refer to the “preferred-brand drugs” section of your Summary of Benefits and Coverage for your plan’s cost-share amount.**

Non-Preferred Brand Medications – Tier 4 have a higher copayment/coinsurance level. These medications are primarily brand drugs that are more expensive and have similar effectiveness as lower-tiered medications. This tier may also include higher cost generic medications. **Refer to the “non-preferred-brand drugs” section of your Summary of Benefits and Coverage for your plan’s cost-share amount.**

Preferred Specialty Medications – Tier 5 have a higher copayment/coinsurance level. These also include Specialty medications, which usually treat complex and rare conditions. These drugs can be high-cost medications and biologicals regardless of how they are administered (injectable, oral, transdermal, or inhalant).

Non-Preferred Specialty Medications – Tier 6 have the highest copayment/coinsurance level. These also include Specialty medications not listed on the formulary. These drugs can be high-cost medications and biologicals regardless of how they are administered (injectable, oral, transdermal, or inhalant) and have similar effectiveness as Tier 5.

Affordable Care Act/Zero Cost Share Preventative Drugs – ACA Tier have a zero-cost share copay/coinsurance. These medications, which include contraceptives and other preventative drugs, are brand and generic preventative drugs that are covered at \$0 copay provided that certain clinical conditions are met. ACA Tier drugs are also listed in a free-standing document that is posted to the THNM website and is updated quarterly.

Behavioral Health (BH) and Substance-Use Disorder (SUD) Drugs – BH Tier have a zero cost-share copay/co-insurance. These medications are brand and generic drugs that can be used to treat a behavioral health condition or substance use disorder. Coverage of some of these medications may be subject to Prior Authorization requirements.

\$0 Generics for Several Chronic Conditions

Generic drug coverage is provided at no cost for certain medications used to treat asthma, bipolar disorder, chronic obstructive pulmonary disease, congestive heart failure, coronary

Pharmacy Benefits Management

artery disease, depression, diabetes, hypercholesterolemia, and hypertension. This benefit does not apply to all plans; please refer to your Summary of Benefits and Coverage for your specific plan benefits. For a listing of these drugs, visit

<https://www.truehealthnewmexico.com/member-pharmacy-formulary/>

Orally Administered Anti-Cancer Medications

Coverage of these medications are subject to the same **Prior Authorization** requirements as intravenously administered injected cancer medications covered by the Health Plan. Orally administered medications cannot cost more than an intravenously injected equivalent. Intravenously injected medications cannot cost more than orally administered medications.

Non-Formulary Medications may be covered if the formulary medications do not work for you. If you require a Non-Formulary medication, your doctor may request coverage for your Tier 4 (Non-Preferred Brand Medications) or your Tier 6 (Non-Preferred Specialty Medications) cost share by making a request for a coverage exception.

Understanding Our Symbols

Prior Authorization

You will see the symbol “PA” (Prior Authorization) or “MNPA” (Medical Necessity Prior Authorization). Prior Authorization helps ensure that you’re using the best drugs in the safest way.

If you are currently taking or have recently been prescribed one of these drugs, please discuss possible alternatives with your doctor. You or your doctor may request authorization by calling 866-823-1606.

Drugs that require prior authorization are often:

- Newer drugs for which the Health Plan wants to track usage.
- Non-formulary drugs that require the use of formulary drugs prior to coverage. These drugs are not used as a standard first option in treating a medical condition.
- Drugs with potential side effects that the Health Plan wants to monitor for patient safety.
- Drugs categorized as specialty medications.

Step Therapy

You will see the symbol “ST” (Step Therapy) next to certain drugs on the formulary tables in this booklet. Step Therapy ensures you are taking the most effective medication at the best cost.

Pharmacy Benefits Management

This means trying the least expensive medications usually generic medications or drugs that are considered as the standard first-line treatment.

How Step Therapy Works

- **Step 1:** When your prescribed drug is impacted by step therapy, first you will be asked to try generic or first-line treatment drugs. The drug recommended will be approved by the Food and Drug Administration (FDA) as providing the same health benefit at a much lower cost.
- **Step 2:** If the generic drug in step 1 does not work for you, then you may be able to receive a brand-name drug. For more information on Step Therapy, call 866-823-1606.

True Health New Mexico Pharmacy Services will respond to requests for exceptions to the Step Therapy program according to the urgency of the situation. In circumstances where a step therapy drug has already been established, True Health New Mexico will provide members impacted by the step therapy program with a temporary supply of medication, pending the outcome of the exception request.

Quantity Limits

The symbol “QL” next to the drugs in this formulary booklet stands for Quantity Limits. To ensure you are getting the most cost-effective dose for your medication, a quantity limit or dose duration may be placed on certain drugs. These limits are based on FDA guidelines, clinical literature, and manufacturer’s instructions. Quantity limits promote appropriate use of the drug, prevent waste, and help control costs.

For some drugs, the dosing guidelines may recommend that patients take the drug one time a day in a larger dose instead of several times a day in smaller doses. The quantity limits follow the guidelines and cover one larger dose per day.

Prescriptions for specialty medications are limited to a 30-day supply. For more information on quantity limits or dose durations, call 866-823-1606.

About Generic Drugs

Generic drugs have the same active ingredients as their brand-name equivalents but cost significantly less. Not all drugs have a generic equivalent. Generally, new drugs receive patent protection for 20 years. Once the patent expires, other pharmaceutical companies can produce the same drug in a generic formulation. Companies that make generic drugs do not have to invest large amounts of money in research, since the company making the brand-name

Pharmacy Benefits Management

equivalent has already done this. Also, generic companies do not need to advertise their drugs. As a result, generic drug makers can pass these savings on to you.

Generic drugs have the same active ingredients as brand-name drugs, but their inactive ingredients can vary. This is why the generic drug might look different from the brand-name drug. Inactive ingredients can be dyes used to color the drug or powders used to shape the tablets. Inactive ingredients do not affect how the generic drug works.

The FDA regulates generic drug manufacturers just as it regulates the makers of brand-name medications. The generic drug must pass strict FDA measurements to ensure that it delivers the same amount of the active ingredient in the same time frame as its brand-name counterpart. The manufacturer of the generic drug must prove that it produces its product under the same strict guidelines as the brand-name drug.

Short-Term Medications

These are drugs you need immediately. This includes medications used to treat short term infections, or to relieve pain temporarily. Locate the nearest retail network pharmacy by calling 866-341-8561. To fill your prescription, present your member ID card and written prescription and pay your copayment/coinsurance as described above.

Long-Term Medications

These are drugs you take on a regular basis. These could be drugs to treat asthma, high blood pressure, diabetes, etc. These medications can be mailed to your home for up to a 90-day supply. Please call 866-341-8561 to learn more about your mail-order options.

Specialty Medications

Specialty medications treat specific medical conditions such as cancer, hemophilia, hepatitis, multiple sclerosis, psoriasis, pulmonary arterial hypertension, respiratory syncytial virus, rheumatoid arthritis, and more. You can fill these prescriptions through CVS Specialty Pharmacy. CVS Specialty Pharmacy is a pharmacy that provides specialty medications. Please call 800-237-2767 between the hours of 6:30 a.m. to 8 p.m. (CT) Monday through Friday to learn more about filling your specialty medication.

Pharmacy Benefits Management

How to Fill Your Prescription Medications

Filling Your Prescription When Traveling

When you travel outside of your local area, thousands of pharmacies across the country will honor your Health Plan member ID card. To locate a participating pharmacy, call Customer Service at 866-341-8561.

To fill a prescription at a participating out-of-area pharmacy, present your Health Plan member ID card. Some pharmacies may ask you to pay the full price of the medication. If that happens:

- Submit a Direct Reimbursement Claim form to the Health Plan at:
CVS Caremark – RxClaim
P.O Box 52136
Phoenix, AZ 85072-2136
- Or you may call 866-341-8561 for assistance.
- If your claim is approved, you will be reimbursed the amount that you paid for the medication, less the appropriate copayment.

If you will be away from home for an extended period of time, or if you will be traveling outside of the country, you may want to use our mail-order service so that you receive a 90-day supply before you leave home.

Medication Supplies Not Covered by the Health Plan

Medications received at no charge to the member (workers' compensation, medications purchased with a manufacturer's coupon, etc.) will not be covered.

Prescriptions that are written more than a year ago will not be covered. Your doctor will need to write a new prescription.

List of Abbreviations

ACA: Affordable Care Act.

BH: Behavioral Health.

PA: Prior Authorization. The Health Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

truehealth™

new mexico

Pharmacy Benefits Management

MNPA: Medical Necessity Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval for the medical necessity of the drug before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the Health Plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the Health Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

Behavioral Health (BH) and Substance-Use Disorder (SUD) Drugs

The below table includes BH and SUD drugs that have a \$0 copay/co-insurance. Not all drugs in this table are covered on your plan's formulary. Please refer to the plan formulary for a comprehensive list of covered drugs and any applicable coverage requirements.

Thai	ความสันใจ: หากคุณพูดภาษาไทยมีบริการให้ความช่วยเหลือด้านภาษาฟรี โทร 1-844-508-4677 (TTY: 711)

Notice of Non-Discrimination and Accessibility

Aviso de no discriminación y accesibilidad

The following is a statement describing nondiscrimination for True Health New Mexico and the services it provides to its clients and members.

- We do not discriminate on the basis of race, color, creed or religion, sexual orientation, national origin, age, disability, or gender in our health programs or activities.
- We provide help free of charge to people with disabilities or whose primary language is not English. To ask for a document in another format such as large print, or to get language help such as a qualified interpreter, please call True Health New Mexico Customer Service at 1-844-508-4677, Monday through Friday, 8:00 a.m. to 5:00 p.m. TTY: 1-800-659-8331.
- If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or gender, you can report a complaint to: True Health New Mexico Compliance Hotline, <https://www.lighthouse-services.com/brighthealthgroup>. Phone (toll-free): 1-855-208-3766 (English), 1-800-216-1288 (Spanish). Email: Reports@Lighthouse-Services.com. Fax: 1-215-689-3885.

You also have the right to file a complaint directly with the U.S. Dept. of Health and Human Services online, by phone, or by mail:

- Online: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>. Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
- Phone: Toll-free: 1-800-368-1019, TDD: 1-800-537-7697
- Mail: U.S. Dept. of Health & Human Services, 200 Independence Ave. SW, Room 509F, HHH Bldg., Washington, DC 20201

Aviso de no discriminación y accesibilidad

A continuación presentamos una declaración que resume la norma de no discriminación de *True Health New Mexico* y los servicios que prestamos a nuestros clientes y asegurados.

- No discriminamos por la raza, el color, el credo o la religión, la orientación sexual, el origen nacional, la edad, las discapacidades o el sexo en nuestras actividades o programas de salud.
- Ayudamos gratuitamente a las personas que tienen discapacidades o cuyo idioma nativo no es el inglés. Para pedir un documento en otro formato, como en letra grande, o para recibir la ayuda de un intérprete calificado, favor de llamar al Centro de Atención al Cliente de *True Health New Mexico* al 1-844-508-4677, para los servicios TTY llame al 1-800-659-8331, de lunes a viernes, de las 8:00 de la mañana a las 5:00 de la tarde.
- Si usted cree que no hemos prestado estos servicios o que le hemos discriminado de alguna otra manera por su raza, color, origen nacional, edad, discapacidad o sexo, puede reportar una queja a: *True Health New Mexico* Compliance Hotline, <https://www.lighthouse-services.com/brighthealthgroup>. Teléfono (gratis): 1-855-208-3766 (inglés), 1-800-216-1288 (español). Correo electrónico: Reports@Lighthouse-Services.com. Fax: 1-215-689-3885.

Además, tiene derecho a presentar una queja directamente al Departamento de Salud y Servicios Humanos de los EE. UU. [U.S. Dept. of Health and Human Services] ya sea en línea, por teléfono o por correo:

- En línea: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>. Los formularios de queja están a su disposición en: <http://www.hhs.gov/ocr/office/file/index.html>.
- Por teléfono: Línea telefónica gratis: 1-800-368-1019, TDD: 1-800-537-7697
- Por correo: U.S. Dept. of Health & Human Services, 200 Independence Ave. SW, Room 509F, HHH Bldg., Washington, DC 20201
