TRUE HEALTH NEW MEXICO PLAN DISCONTINUATION

Important Notice for Albuquerque Public School Members

In 2023, Bright Health is refining and optimizing its strategy to deepen its presence in markets where it can have the greatest impact, achieve long-term success and drive differentiated value with its Fully Aligned model of care. For that reason, Bright Health has decided to exit its Individual and Family Plan (IFP) business and discontinue its Employer Group segment after 2022 in some markets, including New Mexico.

This means that, as a wholly owned subsidiary of Bright Health, True Health New Mexico will discontinue health insurance coverage in the state of New Mexico for both individual and family plans and employer group plans after 2022.

True Health New Mexico is proud to have been a part of healthcare in New Mexico since 2018, and we appreciate the partnership we have with Albuquerque Public Schools and the opportunity to serve our members.

It is a priority for True Health New Mexico and Bright Health to continue to provide the best service and experience to the members, providers, and other partners in New Mexico. We will work with Albuquerque Public Schools as we prepare this transition into 2023.
