

Free language interpreting services you can use with our members

Medical language interpreters are essential to overcoming linguistic and communication barriers. True Health New Mexico offers free language interpretation services to all our members and providers.

We partner with Certified Languages International (CLI) to provide telephonic language interpreting services, and we encourage you to use this service when you need a medical language interpreter. CLI includes access to Spanish- and Navajo-speaking interpreters as well as more than 200 other languages.

You can access the provider-specific line by calling **1-800-225-5254**. You will then be prompted to enter an account code; the code is **96623**.

Please note: This service is available only when working with True Health New Mexico members.
