The additional premium reduction shall be applied by providing credit for coverage in the invoice to small group QHP purchasers or issuing the payment directly to the purchaser.

OSI will confirm the payment amount for each month via email to the issuer's listed contact. Issuers must invoice OSI for the amount specified by OSI on July 3, 2024. Issuers must apply credits for these months on invoices issued to small group QHP purchasers or directly issue payments to small group QHP purchasers no later than September 30, 2024. By September 13, 2024 issuers must notify OSI if any payments cannot be made and the amount of payments that will be reverted to the State. All payments that cannot be disbursed must be returned to OSI no later than September 20, 2024. Any retroactive adjustments affecting coverage months between January and June 2024 should account for the additional 10% premium reduction and will be addressed during the annual reconciliation period for the 2024 Program Year. OSI will issue additional guidance on reporting requirements prior to the reconciliation period.

Small Business Notification

All issuers subject to this Bulletin must notify small group QHP purchasers of the additional premium reduction credit upon issuance of the additional payment. All notifications must be approved by OSI.

The following language must be sent to all active small groups with the invoice or other form of payment to the eligible QHP purchaser that includes the additional premium credits. Issuers may modify this language to account for any group that is owed a payment but is no longer an active member of the issuer.

During the 2021 legislative session, the New Mexico Legislature worked with Governor Michelle Lujan Grisham to pass legislation establishing a Health Care Affordability Fund. On April 8, 2021, Governor Lujan Grisham signed Section 59A-23F-11 NMSA 1978 into law, which allows the New Mexico Office of Superintendent of Insurance (OSI) to reduce health insurance premiums for small businesses. For the past several years, OSI has provided a credit to reduce small business health insurance premiums by 10%. This premium reduction is part of OSI's Small Business Health Insurance Premium Relief Initiative. **OSI recently announced that, due to the availability of additional funding, premiums for the first half of 2024 will be discounted by an additional 10%.** You will receive this additional discount from [INSERT CARRIER NAME] no later than September

30, 2024. You do not need to take any action to receive this credit. The premium reduction will go back to 10% for the remainder of 2024.

Please note that the initiative is subject to legislative appropriation, and the reduction percentage could change from year to year. Should the reduction percentage change, [ISSUER NAME] will notify you in advance. If you have any questions about the initiative, please visit <https://bit.ly/3HmMKRr>.

Issuers should direct any questions regarding this Bulletin to Shannon Chapman at (505) 527-1651, or via e-mail at Shannon.Chapman@osi.nm.gov.
