

# Technology First Spotlight Series

The next Technology Spotlight event from New Mexico's Developmental Disabilities Supports Division is being held on Wednesday, June 4th, 2025 at 10:00 AM.

Rudy Via and his speech language pathologist, Annette O'Connor, CCC-SLP, will showcase the use of his PRC Accent 1400 Speech Generating Device and some of the other technologies he uses with it.

In addition to its typical communication function, Rudy will demonstrate use of the SGD to operate his televisions, text friends, check emails, and set calendar appointments. He also reads internet content with Google's Natural Reader extension and keeps up with his favorite sports team, the Kansas City Chiefs, with his Alexa speaker.

Join us to learn about what's possible with a Technology First approach to service and support.

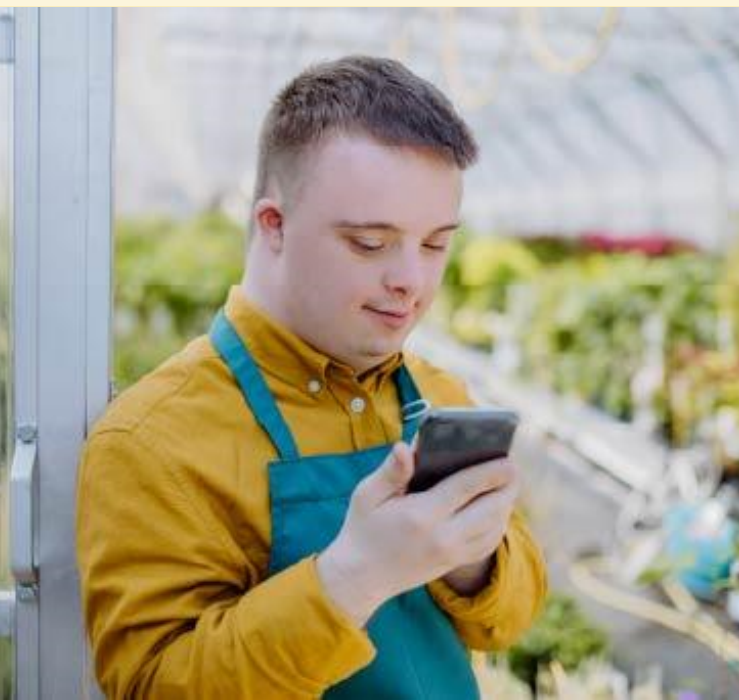

## Agenda

- 10:00 am - Welcome.
- 10:05 am - Technology Showcase
- 10:45 am - Q & A and wrap up

## Why Should I Attend

- Learn about experiences and outcomes created through Enabling Technology for individuals in New Mexico.
- Participate in a live demonstration from a technology vendor.
- Engage with other members of the New Mexico disability community on technology first approaches.
