

DDSD Fee for Service Payment Disclosure for 2025

The final *Ensuring Access to Medicaid Services* rule, published May 10, 2024, requires states to report key payment measures for personal care, habilitation, home health aide, and homemaker services (excluding self-directed services).

Table 1: Applicable Services

Service Category	Waiver Type	Waiver Service
Habilitation Services	Developmental Disabilities (DD) Waiver	Community Integrated Employment, Customized Community Supports, and Living Supports
Habilitation Services	Medically Fragile Waiver	Customized Community Group Supports
Home Health Aide	Medically Fragile Waiver	Home Health Aide
Personal Care	Developmental Disabilities (DD) Waiver	Customized In-Home Supports

Table 2: Average Hourly Rates by Individual Service and Group Services

Service Category	Service Ratio	Average Hourly Rate	Paid Claims in Hours	Beneficiaries
Habilitation	Group	\$19.06	14,399,792	1,539
Habilitation	Individual	\$52.25	3,001,328	3,110
Home Health Aide	Individual	\$45.23	19,713	12
Personal Care	Individual	\$33.68	499,166	419

Notes:

- Non hourly units are converted to hourly (15min units × 4; daily units = daily rate × 340 ÷ 365 ÷ 24). Family Living and Job Maintenance cannot be converted to hourly units.
- Services with no claims or beneficiaries are excluded.
- Group service ratios vary by the number of individuals supported and the assigned staff, they are reported separately from individual services.
- All services are available statewide for both children and adults, and the cost is the same regardless of age.
- These services are provided by approved agencies of all types and are delivered predominantly in home and community settings- not in facilities.
