

Technology First Spotlight Series

The next technology spotlight event from New Mexico's Developmental Disabilities Supports Division is being held on Wednesday November 6, 2024 at 10:00 a.m. The team from Night Owl Support Systems (NOSS) will give a technology demonstration. For over 22 years, NOSS has provided independence to people with disabilities through Remote Supports. Join the Tech Spotlight Series and the NOSS team as they share the ins and outs of Remote Supports, how it can benefit a variety of individuals, and answer questions you have about this innovative and creative service.

Please join us to learn about what is possible through a Technology First approach to service and support!

Why Should I Attend?

- Learn about experiences and outcomes created through Enabling Technology for individuals in New Mexico.
- Participate in a live demonstration from technology vendor, Night Owl Support Systems.
- Engage with other members of the New Mexico disability community on technology first approaches.
