COURSE CONTENT

(approximate time for completion: 5-6 hours)

Our course emphasizes the critical role case managers play in ensuring opportunities to experience competitive integrated employment.

Module 1: Employment Foundations

A positive vision for the future influences our desire to work. Learn about expectations, national perspectives, various types of paid employment, strategies for supporting families, and more.

Module 2: Employment Pathways

Informed choice is key to successful decision making. Learn about dignity of risk, individual voice, guided conversations around integrated employment, job satisfaction, and more.

Module 3: The Employment Process

Get to know the job seeker to help them find a good job match. Learn from self-advocates about advocacy, how to plan for job supports, customized jobs, employee retention, and more.

Module 4: Collaborating with Vocational Rehabilitation

Partnering with VR is mutually beneficial. Learn about defining employment pathways, VR application and eligibility processes, long term supports after job placement, and more.

The SELN is a membership-based network of state intellectual and developmental disability (IDD) agencies committed to making changes in their service systems.

Our online course is for case managers and anyone responsible for advising, assisting, and advocating for individuals with IDD seeking employment.

Our course offers strategies to:

- » enhance your career path
- » increase your capacity to support individuals on an employment journey

A limited number of students in SELN member states can enroll for free!

"I have been a case manager for over 4 years and until taking this course I had very limited knowledge and understanding of the intricacy of how the VR process works. I am excited to take what I have learned during this course and put it to work with the folks that I serve."

"This was one of the best, most interactive online courses I have ever taken."

"This information is fantastic and should be geared toward anyone assisting those with a disability. There are many team members, and we all benefit from seeing what the other team members jobs are as well as knowing the types of information that is most helpful to share in order to assist our job seekers to reach success. Thank you!"

"I feel like the course did a good job of challenging some of my unconscious biases and opening me up to consider employment for everyone that I work with. I loved seeing the real life employment experiences of people in services."
