

Technology First Spotlight Series

The next technology spotlight event from New Mexico's Developmental Disabilities Supports Division is being held on Wednesday, May 7th, 2025 at 10:00 AM. Jennifer Anderson OTR/L from Sunburst Therapy & Wanda Robinson MS, CCC-SLP from Robinson Professional Services have collaborated as team members for 17 years. They focus on functional assistive technology for communication and environmental controls, and will showcase scenarios with individuals they serve using the TD Snap app. Kevin will demonstrate his use of the app and low tech visual prompts for following and creating a recipe, Marie will use the app to order food at a restaurant, and Carlos will use TD Snap to control his TV and music. The demonstrations are designed to offer practical insights into using tech tools for therapists, DD Waiver Support Agencies, and individuals seeking more independence with communication and environmental controls. Join us to learn about what's possible with a Technology First approach to service and support.

Why Should I Attend

- Learn about experiences and outcomes created through Enabling Technology for individuals in New Mexico.
- Participate in a live demonstration from a technology vendor.
- Engage with other members of the New Mexico disability community on technology first approaches.
