Public Transportation

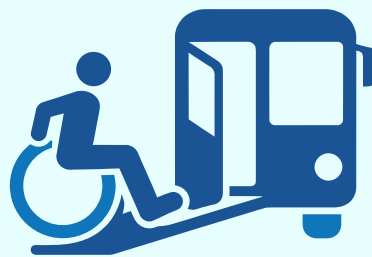

Know Your ADA Rights

Public Transportation may include:

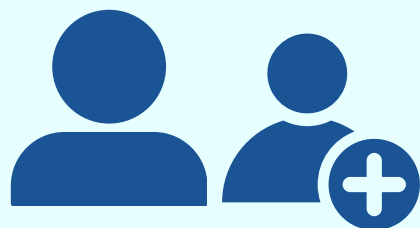

Accessible Bus
Stops and Stations

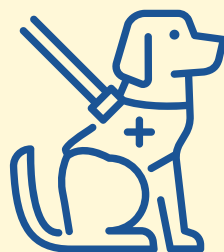

Accessible Vehicles

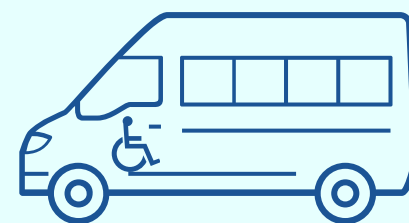

Accessible
Communication

Personal Care
Attendants Ride Free

Service Animals
Allowed

Complementary
Paratransit if Eligible

How to Request Accessible Transportation:

- Decide what type of transportation you will be accessing.
- Find the transit agency(ies) in your area: <https://nm-ta.com/map/>
- Request accessible features (lifts, announcements of upcoming stops, format of communication).
- Follow the processes for individualized access requests established by the transit agency you are using/plan to use.

Did you know? The cost of purchasing public transportation passes can be planned and budgeted for through the Developmental Disabilities (DD) and Mi Via Waiver programs. If you are on the Mi Via or DD Waiver, talk to your case manager or consultant about getting non-medical transportation services added to your person-centered plan and budget.
