Subject: Rural Health Innovation Fund Application Date Extended

Dear New Mexico Medicaid Stakeholders:

The New Mexico Health Care Authority (HCA) is pleased to announce the release of the Rural Health Data Hub Administrator Request for Proposals.

HCA is seeking a qualified organization to administer provider health information exchange participation and data-readiness funding activities, support stakeholder engagement and use-case development, and help develop and coordinate implementation of the RH Data Hub Strategy and Implementation Plan.

This procurement is for the **RH Data Hub Administrator—not a vendor to design, build, host, or operate a specific technology solution**. The initiative will build upon HCA's existing enterprise architecture and technology investments.

Proposals due: September 21, 2027 at 5:00 PM MDT

All questions must be submitted through the process identified in the RFP. Please share this opportunity with qualified organizations in your networks.

Thank you.
