MINIMUM BILLING PERIOD CHARGES:

Minimum charges per billing period shall be the highest of the following:

- (1) System Charge with no allowance for kWh.
- (2) Minimum charges established in accordance with Line Extension Policy. No power allowed for the System Charge.
- (3) Minimum charges established by special contract between the consumer and the Utility. This charge shall be in addition to the System Charge (no kWh allowance in System Charge).

Any energy allowances shall be made only during the billing period in which they occurred.

TAX ADJUSTMENT:

Billing under this schedule may be increased by an amount equal to the sum of the taxes payable under the Gross Receipts and Compensating Tax Act and of all other taxes, fees, or charges (exclusive of Ad Valorem, State and Federal Income Taxes) payable by the Utility and levied or assessed by any governmental authority on the public utility service rendered, or on the right or privilege of rendering the service, or on any object or event incidental to the rendition of the service.

BILLING PERIOD:

The billing period shall be approximately 1/12 of a year but not necessarily a calendar month.

BUDGET BILLING:

Upon the request of the consumer and for his convenience, the Utility will provide budget billing in accordance with the rules and regulations filed by the Utility and approved by the New Mexico Public Regulation Commission.

CONDITIONS OF SERVICE:

- (1) The Utility's Rules and Regulations, filed with the regulatory body shall apply.
- (2) All wiring, pole lines and other electrical equipment electrically on the load side of the metering point shall be considered the distribution system of the consumer and shall be furnished and maintained by the consumer.
- (3) The consumer's installation shall conform to City, State, and National Electrical Codes and Electrical Safety Codes.
- (4) The consumer shall not resell or share electric service with others.
- (5) Special conditions of service shall be covered by contract.
