### **Rulemaking and Public Rule Hearing: 8.9.9 NMAC**

**December 06, 2024; Apodaca Hall in the old PERA Building, and via Zoom**

#### ***Public Comments***

**Maria Granados: When is the application date and where can I find the application?**

ECECD answer: Okay, so, um... The applications are not available right now. We are in the process of these rule changes and, so, when the rules changes are completed and the rules are approved, then we will provide more information on that.

Maria Granados: The application is available at the school now. When do I have to turn in the application?

ECECD answer: The application is on the ECECD website. There is not a due date. We are still in the process of promulgating the rules. There is not a due date.

Maria Granados: Can you put a link to the application in the chat?

ECECD answer: We will not be doing that at this time. This is intended to be a public hearing to receive comments about rule changes, not for the application process, so, ah, we will not add the application link to the chat.

ECECD follow up: If she can put her email in the chat, we can have someone follow up with her at later time.
