IX. Program Coordination

Note to all applicants: Please begin work on this section immediately after receiving the application packet.

Program coordination is requirement of all applicants; this section assures that limited resources are used as efficiently as possible. All applicants are required to coordinate with other existing local transportation service providers and local governments. Upload all documents related to Program Coordination under the “**Application Form(s)**” section as **one native** pdf in the system.

A separate document upload is required of the following items:

- Municipality, Board, or Council: Letter of Support.

Note to Section 5311 Applicants: As part of the Americans with Disabilities Act, similar information must also be collected specifically for the elderly and people with disabilities.

Management Assessment: Applicants should be prepared to assess the management experience of other service providers by asking questions about the type and size of transportation program previously or currently managed. Ask how the other service providers select and train drivers. Ask about risk management policies and safety programs.

If no one responds to your letter, your coordination efforts stop here.

Negotiations with Other Service Providers: If another service provider expresses interest in the service, you should meet with that person for an in-depth discussion. If the other service provider is still interested, that person should be given an outline to use in preparing an acceptable service proposal and a description of the methodology that will be used to evaluate the proposal. Applicants should set aside a reasonable period of time for the preparation and review of the proposal.

Decision Process and Notification of Other Service Providers: Applicants should evaluate all proposals using your methodology, and then decide whether to include the proposal in your application. Proposals of other service providers should be notified of your decision. If you do not accept the proposal, provide a detailed explanation of why. Inform that provider that he or she may appeal your decision by sending a written request for a hearing to the NMDOT within 10 days of the postmark on your letter. Tell the person how to reach the NMDOT.

Once the negotiations with other service providers are completed, attach your documentation to your application.
